qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Directive 2003/71/EC (as amended or superseded, the “Prospectus Directive”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. This prospectus supplement has been prepared on the basis that any offer of notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. This prospectus supplement is not a prospectus for the purposes of the Prospectus Directive.

### *MiFID II Product Governance — Professional Investors and ECPs Only Target Market*

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the notes has led to the conclusion that: (i) the target market for the notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the notes (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

Morgan Securities plc (in this capacity, the “Stabilizing Manager”) (or any person acting on behalf of the Stabilizing Manager) may over-allot the notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) will undertake any stabilization action. Any stabilization action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the notes and 60 days after the date of the allotment of the notes.*

<b>Optional Redemption</b>	We may redeem all or part of the notes at any time and from time to time at the redemption prices described in this prospectus supplement. See “Description of Notes — Optional Redemption.”
<b>Redemption for Tax Reasons</b>	We may redeem all, but not part, of the notes at any time if the tax laws of the United States (or any taxing authority in the United States) change and we become obligated to pay additional amounts on the notes as described under “Description of the Notes — Payment of Additional Amounts,” at par plus accrued and unpaid interest. See “Description of the Notes — Redemption for Tax Reasons.”
<b>Additional Amounts</b>	We will, subject to certain exceptions and limitations set forth herein, pay additional amounts on the notes as are necessary in order that the net payment by us of the principal of and interest on the notes to a holder who is not a United States person, after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by the United States or a taxing authority in the United States will not be less than the amount provided in the notes to be then due and payable. See “Description of the Notes — Payment of Additional Amounts.”
<b>Certain Covenants</b>	The indenture for the notes limits our ability to, among other things, engage in mergers, consolidations or similar transactions, create liens and engage in sale and leaseback transactions. These limitations are subject to a number of important exceptions. See “Description of Notes — Covenants.”
<b>Further Issuances</b>	With respect to each series of notes, we may from time to time, without the consent of the existing holders of notes of the applicable series, issue additional notes of such series with the same terms and conditions as the notes of that series so that the additional notes will be consolidated and form a single series with the previously outstanding notes of the applicable series, provided that, with respect to each series of notes, if the additional notes are not fungible with the notes of such series offered hereby for U.S. federal income tax purposes, such additional notes will have a separate ISIN and Common Code. See “Description of Notes — General.”
<b>Book-Entry</b>	The notes will be issued in book-entry form and will be represented by global securities deposited with, or on behalf of, Clearstream Banking, <i>société anonyme</i> , and Euroclear Bank, S.A./N.V., and registered in the name of the common depository or its nominee. Except in the limited circumstances described in this prospectus supplement, owners of beneficial interests in the notes will not be entitled to have notes registered in their names, will not receive or be entitled to receive notes in definitive form and will not be considered holders of notes under the indenture.
<b>Trustee</b>	The Bank of New York Mellon Trust Company, N.A.

### **RISK FACTORS**

*Investing in the notes involves a high degree of risk. You should carefully consider the risks described below and other information contained in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference into this prospectus supplement before investing in the notes. The risks described below are not the only ones facing our company. Additional risks not presently known to us or that we currently consider less significant may also impair our business operations. Our business, financial condition, or results of operations could be materially adversely affected by any of these risks.*

*This prospectus supplement and the accompanying prospectus also contain or incorporate by reference forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in such forward-looking statements as a result of certain factors, including the risks faced by us described below and elsewhere in this prospectus supplement and the accompanying prospectus. See “Forward-Looking Statements.”*

#### **Risks Related to Our Business**

For a discussion of risks related to our business and operations, please see “Item 1A. Risk Factors” and “Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K for our fiscal year ended December 31, 2018, as well as similar disclosures contained in our other filings with the SEC that are incorporated by reference in this prospectus supplement. See “Where You Can Find More Information.”

#### **Risks Related to the Offering**

***The notes are subject to prior claims of any of our secured creditors.***

The notes are our unsecured general obligations, ranking equally with other unsecured and unsubordinated debt but effectively subordinated to any secured debt to the extent of the value of the collateral securing such debt. The indenture governing the notes permits us and our subsidiaries to incur secured debt under specified circumstances. If we incur any debt secured by our assets or assets of our subsidiaries, these assets will be subject to the prior claims of our secured creditors.

In the event of a bankruptcy, liquidation, dissolution, reorganization or similar proceeding, our pledged assets would be available to satisfy obligations to our secured creditors before any payment could be made on the notes. To the extent that such assets cannot satisfy in full our secured debt, the holders of such debt would have a claim for any shortfall that would rank equally in right of payment with the notes. In that case, we may not have sufficient assets remaining to pay amounts due on any or all of the notes. As of March 31, 2019, we had total third-party liabilities of approximately \$12.0 billion, including total third-party indebtedness of approximately \$7.7 billion, substantially all of which was unsecured.

***The notes are structurally subordinated to the existing and future liabilities of our subsidiaries.***

Our equity interest in our subsidiaries is subordinate to any debt and other liabilities and commitments of our subsidiaries to the extent of the value of the assets of such subsidiaries, whether or not secured. The notes will not be guaranteed by our subsidiaries and we may not have direct access to the assets of our subsidiaries unless these assets are transferred to us by dividend or otherwise. The ability of our subsidiaries to pay dividends or otherwise transfer assets to us is subject to various restrictions under applicable law. Our right to receive assets of any of our subsidiaries upon their bankruptcy, liquidation or reorganization, and therefore the right of the holders of the notes to participate in those assets, will be structurally subordinated to the claims of that subsidiary’s creditors. In addition, even if we are a creditor of any of our subsidiaries, our right as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any debt of our subsidiaries senior to that held by us.

## Table of Contents

### ***Credit ratings of the notes may change and affect the market price and marketability of the notes.***

Credit ratings are limited in scope, and do not address all material risks relating to an investment in the notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies, if, in such rating agency's judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market price or marketability of the notes and increase our corporate borrowing costs.

### ***The indenture does not restrict the amount of additional debt that we may incur.***

The notes and indenture pursuant to which the notes will be issued do not place any limitation on the amount of unsecured debt that we or our subsidiaries may incur. Our incurrence of additional debt may have important consequences for you as a holder of the notes, including making it more difficult for us to satisfy our obligations with respect to the notes, a loss in the trading value of your notes, if any, and a risk that the credit rating of the notes is lowered or withdrawn.

### ***An active trading market may not develop for the notes.***

The notes are a new issue of securities with no established trading market. Although we intend to apply for listing of the notes for trading on the New York Stock Exchange, no assurance can be given that the notes will become or will remain listed or that an active trading market for the notes will develop or, if developed, that it will continue. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time. Certain of the underwriters have advised us that they presently intend to make a market in the notes as permitted by applicable law. However, the underwriters are not obligated to make a market in the notes and may cease their market-making activities at any time at their discretion without notice. In addition, the liquidity of the trading market in the notes and the market price quoted for the notes may be adversely affected by changes in the overall market for securities and by changes in the financial performance or prospects of our company or companies in our industry. As a result, no assurance can be given:

- that an active trading market will develop or be maintained for the notes;
- as to the liquidity of any market that does develop; or
- as to your ability to sell any notes you may own or the price at which you may be able to sell your notes.

### ***If trading markets do develop, changes in our ratings or the financial markets could adversely affect the market prices of the notes.***

The market prices of the notes will depend on many factors, including, among others, the following:

- ratings on our debt securities assigned by rating agencies;
- the market for similar securities;
- the prevailing interest rates being paid by other companies similar to us;
- our results of operations, financial condition and prospects; and
- the condition of the financial markets.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, which could have an adverse effect on the market prices of the notes.

### ***An investment in the notes by a holder whose home currency is not the euro involves currency exchange risks.***

All payments of interest on and the principal of the notes and any redemption price for the notes will be made in euros. An investment in the notes by a holder whose home currency is not the euro involves certain risks, including the possibility of significant changes in rates of exchange between the holder's home currency and the euro and the possibility of the imposition or subsequent modification of foreign exchange controls. These risks and the magnitude of their potential effects generally depend on factors over which we have no control, such as economic, financial and political events and the supply of and demand for the relevant currencies. In the past, rates of exchange between the euro and certain currencies have been volatile, and each holder should be aware that volatility may occur in the future. Historic fluctuations or stability in any particular exchange rate, however, are not necessarily indicative of future fluctuations or stability in such exchange rate. Depreciation of the euro against the holder's home currency would result in a decrease in the effective yield of the notes below its interest rate and, in certain circumstances, could result in a loss to the holder.

Neither we, the underwriters, the trustee nor the paying agent with respect to the notes will be obliged to convert, or to assist any registered owner or beneficial owner of notes in converting, payments of interest, principal, any redemption price or any additional amount in euros made with respect to the notes into dollars or any other currency.

### ***The notes permit us to make payments in dollars if we are unable to obtain euros.***

If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then-member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in dollars until the euro is again available to us or so used. The amount payable on any date in euros will be converted into dollars on the basis of the then-most recently available market exchange rate for euros. Any payment in respect of the notes so made in dollars will not constitute an event of default under the notes or the indenture governing the notes.

### ***Market perceptions concerning the instability of the euro, the potential re-introduction of individual currencies within the eurozone, or the potential dissolution of the euro entirely, could adversely affect the value of the notes.***

Despite the European Commission's measures to address sovereign debt issues in Europe, concerns continue to persist regarding the debt burden of certain eurozone countries and their ability to meet future financial obligations, the overall stability of the euro and the suitability of the euro as a single currency given the diverse economic and political circumstances in individual member states. These and other concerns could lead to the re-introduction of individual currencies in one or more member states, or, in more extreme circumstances, the possible dissolution of the euro entirely. Should the euro dissolve entirely, the legal and contractual consequences for holders of euro-denominated obligations would be determined by laws in effect at such time, these potential developments, or market perceptions concerning these and related issues, could adversely affect the value of the notes. It is unclear what the tax consequences would be for holders of euro-denominated obligations if the euro dissolves.

### ***In a lawsuit for payment of amounts in respect of the notes, an investor may bear currency exchange risk.***

In a lawsuit for payment on the notes, investors may bear currency exchange risk until a court judgment is entered, which could be a significant amount of time. The indenture and our obligations under the notes are governed by Illinois law. Illinois law generally provides that courts should enter a judgment in the currency used by the parties, unless the parties otherwise agree. Judgment debtors, however, may elect to pay in the judgment currency or in dollars, with conversion from dollars into the judgment currency for payment of a non-dollar denominated judgment calculated on the banking day immediately preceding the date of payment. If a court does

---

## Table of Contents

not enter a judgment in euros in a lawsuit for payment of amounts in respect of the notes, or if a euro-denominated judgment in the United States is only able to be enforced in dollars or the conversion into dollars of a euro-denominated judgment is otherwise delayed, investors would bear the currency exchange risk until the date of conversion.

### ***Trading in the clearing systems is subject to minimum denomination requirements.***

The terms of the notes provide that notes will be issued with a minimum denomination of €100,000 and integral multiples of €1,000 in excess thereof. It is possible that the clearing systems may process trades that could result in amounts being held in denominations smaller than the minimum denominations. If definitive notes are required to be issued in relation to such notes in accordance with the provisions of the relevant global notes, a holder who does not have the minimum denomination or an integral multiple of €1,000 in excess thereof in its account with the relevant clearing system at the relevant time may not receive all of its entitlement in the form of definitive notes unless and until such time as its holding satisfies the minimum denomination requirement.

### ***No additional amounts will be paid if payments on, or proceeds from a disposition of, the notes are or become subject to withholding under FATCA.***

Under sections 1471 through 1474 of the United States Internal Revenue Code of 1986, as amended (commonly referred to as “FATCA”), debt instruments providing for U.S.-source interest payments, such as the notes, are generally subject to a 30% U.S. withholding tax with respect to payments on such debt instruments, if such payments are received by foreign financial institutions and certain other non-U.S. entities, unless such foreign financial institution or non-financial foreign entity complies with FATCA or otherwise qualifies for an exemption. Under the applicable United States Treasury Regulations, withholding under FATCA will generally apply to payments of interest on a note. Under proposed regulations promulgated by the Treasury Department on December 13, 2018, which state that taxpayers may rely on the proposed regulations until final regulations are issued, payments of gross proceeds from the sale or other disposition of notes will not be subject to withholding under FATCA. Although we will be required to pay additional amounts to true up holders of the notes for withholding or deduction for taxes under certain circumstances, we will not be required to pay any additional amounts in the event withholding is required with respect to any payments on the notes pursuant to FATCA. See “Description of Notes — Payment of Additional Amounts.” Prospective investors should consult their tax advisors regarding the potential impact of FATCA on their investment in the notes, including the availability of, and the procedures for obtaining, a refund of any amounts withheld under FATCA.

## USE OF PROCEEDS

The net proceeds to us from the sale of the notes will be approximately €1.581 billion (after deducting the underwriting discounts and estimated offering expenses payable by us). We intend to use these proceeds to repay short-term indebtedness we have incurred under our commercial paper program and for general corporate purposes. The amount outstanding under our commercial paper program as of May 24, 2019, was approximately \$1.5 billion, at a weighted average interest rate of approximately 2.5% per year, which rate is subject to change over time. Pending application of the proceeds of sale of the notes, we intend to invest such proceeds in short-term investments.

### DESCRIPTION OF NOTES

*The following description of the terms of the notes offered hereby supplements, and to the extent it is inconsistent therewith replaces, the description of the general terms of debt securities set forth in the accompanying prospectus, to which description reference is hereby made. In this “Description of Notes” section, the terms “we,” “our,” “us” and “ITW” refer solely to Illinois Tool Works Inc. and not to its subsidiaries.*

#### **General**

We will issue the 2024 notes, the 2027 notes and the 2031 notes each as a separate series of debt securities under the Indenture, dated November 1, 1986, as supplemented by a First Supplemental Indenture, dated May 1, 1990, between us and The Bank of New York Mellon Trust Company, N.A., as successor trustee (the “trustee”), with certain terms of each series of notes being set forth in an officers’ certificate (together, the “indenture”). The following is a summary of the material provisions of the indenture, including certain definitions applicable to the notes and made part of the indenture by the officers’ certificate referred to above. It does not include all of the provisions of the indenture. We urge you to read the indenture because it, not this description of notes, defines your rights. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the Trust Indenture Act of 1939, as amended (the “TIA”). A copy of the indenture may be obtained from us. See “Where You Can Find More Information.”

The notes will not have the benefit of any sinking fund and will not be convertible or exchangeable. We will issue the notes in minimum denominations of €100,000 and integral multiples of €1,000 in excess thereof. The notes will be issued in book-entry form only. At our option, we may redeem the notes prior to maturity at the redemption prices described below.

The Bank of New York Mellon, London Branch will initially act as principal paying agent for the notes (the “paying agent”). The Bank of New York Mellon Trust Company, N.A. will initially act as registrar (the “registrar”) for the notes. Upon notice to the trustee, we may change any paying agent or registrar.

With respect to each series of notes, we may from time to time under the indenture, without the consent of the existing holders of notes of the applicable series, create and issue additional notes of such series with the same terms and conditions as the notes of that series, except for issue date, issue price and the first payment of interest thereon, provided that, with respect to each series of notes, if the additional notes are not fungible with the notes of such series offered hereby for U.S. federal income tax purposes, such additional notes will have a separate ISIN and Common Code. Additional notes issued in this manner will be consolidated with and will form a single series with the previously outstanding notes of the applicable series.

#### **Listing**

We intend to apply to list the notes on the New York Stock Exchange to begin trading within 30 days after the original issue date of the notes. The listing application is subject to approval by the New York Stock Exchange. If such listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.

#### **Ranking**

The notes will be our direct, unsecured senior obligations. They will rank equally with all of our other unsecured and unsubordinated indebtedness from time to time outstanding. The notes will be effectively subordinated to all of our existing and future secured indebtedness to the extent of the value of the collateral securing such indebtedness and structurally subordinated to all of the existing and future indebtedness and other liabilities of our subsidiaries. As of March 31, 2019, we had total third-party liabilities of approximately \$12.0 billion, including total third-party indebtedness of approximately \$7.7 billion, substantially all of which was unsecured.

## Table of Contents

### **Payments in Euros**

Initial holders of notes will be required to pay for the notes in euros, and all payments of interest and principal, including payments made upon any redemption of the notes, will be payable in euros. If, on or after the date of this prospectus supplement, the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then-member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until the euro is again available to us or so used. In such circumstances, the amount payable on any date in euros will be converted into U.S. dollars on the basis of the most recently available market exchange rate for euros. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default under the notes or the indenture governing the notes. Neither the trustee nor the paying agent shall have any responsibility for any calculation or conversion in connection with the foregoing.

Investors will be subject to foreign exchange risks as to payments of principal and interest that may have important economic and tax consequences to them. See “Risk Factors.”

### **Principal, Interest Payments and Maturity**

The 2024 notes will initially be limited to €600,000,000 aggregate principal amount and will mature on December 5, 2024. The 2027 notes will initially be limited to €500,000,000 aggregate principal amount and will mature on December 5, 2027. The 2031 notes will initially be limited to €500,000,000 aggregate principal amount and will mature on June 5, 2031. The notes of each series will bear interest at the applicable rate shown on the cover of this prospectus supplement, accruing from June 5, 2019 or the most recent interest payment date to which interest has been paid or provided for. We will pay interest on the 2024 notes and the 2027 notes annually in arrears on December 5 of each year, beginning on December 5, 2019, to persons in whose names the notes are registered at the close of business on the preceding December 1. We will pay interest on the 2031 notes annually in arrears on June 5 of each year, beginning on June 5, 2020, to persons in whose names the notes are registered at the close of business on the preceding June 1. Interest payable at maturity on the notes will be paid to the persons to whom principal shall be payable. With respect to each series of notes, we will compute the amount of interest payable on the basis of (i) the actual number of days in the period for which interest is being calculated and (ii) the actual number of days from (and including) the last date on which interest was paid on the notes of such series (or June 5, 2019, if no interest has been paid on the notes of such series) to (but excluding) the next scheduled interest payment date. This payment convention is referred to as ACTUAL/ACTUAL (ICMA) as defined in the rulebook of the International Capital Market Association.

Principal of and any premium or interest on the notes will be payable at the office of the paying agent at One Canada Square, London, United Kingdom E145AL and any other location we designate. The notes may be registered for transfer or exchanged without payment of any charge (other than any tax or other governmental charge payable in connection therewith) at the office of the registrar at 2 North LaSalle Street, Suite 700, Chicago, Illinois 60602, United States of America. Initially, the paying agent’s office in London, United Kingdom and the registrar’s office in Chicago, Illinois, United States of America will serve as our office and agency for these respective purposes. We may elect that payment of interest on notes be made by wire transfer or by check mailed to the address of the appropriate person as it appears on the security register. So long as the registered owner of the notes is a common depository of Euroclear and Clearstream or their nominee, payment of principal and interest shall be made in accordance with the requirements of Euroclear and Clearstream.

A “business day” means any day, other than a Saturday or Sunday, (1) which is not a day on which banking institutions in The City of New York or London are authorized or required by law or executive order to close and (2) on which the Trans-European Automated Real-time Gross Settlement Express Transfer system (the TARGET2 system), or any successor thereto, operates. If any interest payment date, maturity date or redemption date is not a business day, then the related payment for such interest payment date, maturity date or redemption

---

## Table of Contents

date shall be paid on the next succeeding business day with the same force and effect as if made on such interest payment date, maturity date or redemption date, as the case may be, and no further interest shall accrue as a result of such delay.

### **Optional Redemption**

We may redeem the notes of each series, in whole or in part, on any date that is not less than three months prior to the stated maturity thereof, at our option, at a redemption price (calculated by us) equal to the greater of:

(1) 100% of the principal amount of the notes to be redeemed; or

(2) the sum of the present values of the Remaining Scheduled Payments (as defined below) of principal and interest on the notes to be redeemed (not including any portion of such payments of interest accrued as of the date of redemption) discounted to the date of redemption on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate (as defined below) plus 15 basis points for the 2024 notes, 20 basis points for the 2027 notes and 20 basis points for the 2031 notes, plus accrued and unpaid interest on the principal amount being redeemed to, but excluding, the redemption date.

At any time on or after the date that is three months prior to the maturity date of the 2024 notes, the 2027 notes or the 2031 notes, as applicable, we may also redeem some or all of the maturing 2024 notes, 2027 notes or 2031 notes, as applicable, at our option, at a redemption price equal to 100% of the principal amount of the applicable notes being redeemed, plus accrued and unpaid interest on the principal amount being redeemed to, but excluding, the redemption date.

“Comparable Government Bond Rate” means, with respect to any redemption date, the price, expressed as a percentage (rounded to three decimal places, with 0.0005 being rounded upwards), at which the gross redemption yield on the notes to be redeemed, if they were to be purchased at such price on the third business day prior to the date fixed for redemption, would be equal to the gross redemption yield on such business day of the Comparable Government Bond (as defined below) on the basis of the middle market price of the Comparable Government Bond prevailing at 11:00 a.m. (London time) on such business day as determined by an independent investment bank selected by us.

“Comparable Government Bond” means, in relation to any Comparable Government Bond Rate calculation, at the discretion of an independent investment bank selected by us, a German government bond whose maturity is closest to the maturity of the notes to be redeemed, or if such independent investment bank in its discretion determines that such similar bond is not in issue, such other German government bond as such independent investment bank may, with the advice of three brokers of, and/or market makers in, German government bonds selected by us, determine to be appropriate for determining the Comparable Government Bond Rate.

“Remaining Scheduled Payments” means, with respect to each note to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such note, the amount of the next succeeding scheduled interest payment thereon will be deemed to be reduced by the amount of interest accrued thereon to such redemption date.

We will, or will cause the trustee on our behalf to, mail notice of a redemption to holders of the applicable notes to be redeemed by first-class mail (or otherwise transmit in accordance with applicable procedures of Euroclear/Clearstream) at least 30 and not more than 60 days prior to the date fixed for redemption. Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the applicable notes or portions thereof called for redemption. On or before the redemption date, we will deposit with the paying agent or set aside, segregate and hold in trust (if we are acting as paying agent), funds sufficient to pay the redemption price of, and accrued and unpaid interest on, such notes to be redeemed on that redemption date. If fewer than all of the notes of the applicable series are to be redeemed, the notes to be redeemed shall be

selected in accordance with the procedures of the clearing systems, and in the case the notes are no longer in global form or the clearing systems have no procedures, the trustee will select, not more than 60 days prior to the redemption date, the particular notes of such series or portions thereof for redemption from the outstanding notes of such series not previously called by such method as the trustee deems fair and appropriate and in accordance with the applicable procedures of the depository; provided, however, that no notes of a principal amount of €100,000 or less shall be redeemed in part.

### **Payment of Additional Amounts**

All payments of principal and interest on the notes by us will be made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States (or any political subdivision or taxing authority thereof or therein having power to tax) (a “Relevant Taxing Jurisdiction”), unless the withholding of such taxes, assessments or other governmental charge is required by law or the official interpretation or administration thereof. We will, subject to the exceptions and limitations set forth below, pay as additional interest on notes such additional amounts (the “additional amounts”) as are necessary in order that the net payment by us of the principal of and interest on such notes to a holder who is not a United States person (as defined below), after withholding or deduction for any present or future tax, assessment or other governmental charge imposed by any Relevant Taxing Jurisdiction, will not be less than the amount provided in such notes to be then due and payable; provided, however, that the foregoing obligation to pay additional amounts shall not apply:

1. to any tax, assessment or other governmental charge that is imposed by reason of the holder (or the beneficial owner for whose benefit such holder holds such note), or a fiduciary, settlor, beneficiary, member or shareholder of the holder if the holder is an estate, trust, partnership or corporation, or a person holding a power over an estate or trust administered by a fiduciary holder, being considered as:
  - a. being or having been engaged in a trade or business in a Relevant Taxing Jurisdiction or having or having had a permanent establishment in a Relevant Taxing Jurisdiction;
  - b. having a current or former connection with the Relevant Taxing Jurisdiction (other than a connection arising solely as a result of the ownership of such notes, the receipt of any payment or the enforcement of any rights hereunder), including being or having been a citizen or resident of the Relevant Taxing Jurisdiction;
  - c. being or having been a personal holding company, a passive foreign investment company or a controlled foreign corporation for United States income tax purposes or a corporation that has accumulated earnings to avoid United States federal income tax;
  - d. being or having been a “10-percent shareholder” of ITW as defined in section 871(h)(3) of the United States Internal Revenue Code of 1986, as amended (the “Code”) or any successor provision; or
  - e. being or having been a bank receiving payments on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business, as described in section 881(c)(3)(A) of the Code or any successor provisions;
2. to any holder that is not the sole beneficial owner of such notes, or a portion of such notes, or that is a fiduciary, partnership or limited liability company, but only to the extent that a beneficial owner with respect to the holder, a beneficiary or settlor with respect to the fiduciary, or a beneficial owner or member of the partnership or limited liability company would not have been entitled to the payment of an additional amount had the beneficiary, settlor, beneficial owner or member received directly its beneficial or distributive share of the payment;
3. to any tax, assessment or other governmental charge that would not have been imposed but for the failure of the holder, beneficial owner or any other person to (a) submit an applicable United States Internal Revenue Service (“IRS”) Form W-8 (with any required attachments) to establish the status as a

non-United States person as required for purposes of the portfolio interest exemption or IRS Form W-9 to establish the status as a United States person, or comply with other certification, identification or information reporting requirements concerning the nationality, residence, identity or connection with a Relevant Taxing Jurisdiction of the holder or beneficial owner of such notes, if compliance is required by statute, by regulation of the Relevant Taxing Jurisdiction or by an applicable income tax treaty to which the Relevant Taxing Jurisdiction is a party as a precondition to exemption from such tax, assessment or other governmental charge or (b) comply with any information gathering and reporting requirements or take any similar action (including entering into any agreement with the IRS), in each case, that is required to obtain the maximum available exemption from withholding by a Relevant Taxing Jurisdiction that is available to payments received by or on behalf of the holder or beneficial owner;

4. to any tax, assessment or other governmental charge that is imposed otherwise than by withholding by us or a paying agent from the payment;
5. to any tax, assessment or other governmental charge that would not have been imposed or withheld but for a change in law, regulation, or administrative or judicial interpretation that becomes effective more than 15 days after the payment becomes due or is duly provided for, whichever occurs later;
6. to any estate, inheritance, gift, sales, excise, transfer, wealth, capital gains or personal property tax or similar tax, assessment or other governmental charge;
7. to any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of or interest on any note, if such payment can be made without such withholding by at least one other paying agent;
8. to any tax, assessment or other governmental charge that would not have been imposed or levied but for the presentation by the holder of any note, where presentation is required, for payment on a date more than 30 days after the date on which payment became due and payable or the date on which payment thereof is duly provided for, whichever occurs later;
9. to any tax, assessment or other governmental charge imposed under sections 1471 through 1474 of the Code as of the issue date (or any amended or successor provisions), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to section 1471(b) of the Code or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such sections of the Code; or
10. in the case of any combination of items (1) through (9) above.

The notes are subject in all cases to any tax, fiscal or other law or regulation or administrative or judicial interpretation applicable to the notes. Except as specifically provided under this heading “— Payment of Additional Amounts,” we will not be required to make any payment for any tax, assessment or other governmental charge imposed by any government or a political subdivision or taxing authority of or in any government or political subdivision.

As used under this heading “— Payment of Additional Amounts” and under the heading “— Redemption for Tax Reasons,” the term “United States” means the United States of America, the states of the United States, and the District of Columbia, and the term “United States person” means any individual who is a citizen or resident of the United States for U.S. federal income tax purposes, a corporation, partnership or other entity created or organized in or under the laws of the United States, any state of the United States or the District of Columbia, or any estate the income of which is subject to United States federal income taxation regardless of its source, or a trust that (1) is subject to the primary supervision of a United States court and the control of one or more “United States persons” (within the meaning of section 7701(a)(30) of the Code), or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

### **Redemption for Tax Reasons**

If, (a) as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated under the laws) of any Relevant Taxing Jurisdiction, or any change in, or amendments to, an official position regarding the application or interpretation of such laws, regulations or rulings (including by virtue of a holding, judgment or order by a court of competent jurisdiction or a change in published administrative practice), which change or amendment is announced or becomes effective on or after the date of this prospectus supplement, we become or, based on a written opinion of independent counsel selected by us, are likely to become obligated to pay additional amounts as described herein under the heading “— Payment of Additional Amounts” with respect to the notes of either series, or (b) any act is taken by a Relevant Taxing Jurisdiction on or after the date of this prospectus supplement whether or not such act is taken with respect to us or any affiliate, that results in us being required or, based upon a written opinion of independent counsel selected by us, being likely to be required to pay such additional amounts, then we may at any time at our option redeem, in whole, but not in part, the notes of such series on not less than 15 nor more than 60 days’ prior notice, at a redemption price equal to 100% of their principal amount, together with accrued and unpaid interest on the notes being redeemed to, but excluding, the redemption date.

### **Covenants**

The following covenants apply to the notes. Each of the covenants is subject to the provision for exempted indebtedness described below.

For your reference, we have provided below definitions of the capitalized terms used in the description of the covenants.

### ***Limitation on Liens***

We will not, nor will we permit any Restricted Subsidiary to, issue, assume or guarantee any debt for money borrowed if such debt is secured by a mortgage, security interest, lien, pledge or other encumbrance (referred to in this prospectus supplement as a “lien”) on any Principal Property, or on any shares of stock or indebtedness of any Restricted Subsidiary, without in any such case effectively providing that the notes (and if we so choose, any other debt or obligation that ranks equally with the notes) are secured equally and ratably with, or prior to, such debt. These restrictions do not apply to debt secured by:

- liens on property of a corporation existing at the time it becomes a subsidiary or at the time it is merged into or consolidated with or purchased by us or a subsidiary;
- liens on property existing at the time of its acquisition and certain purchase money liens;
- liens securing the cost of construction of new plants, incurred within 180 days of completion of construction;
- liens securing the debt of a Restricted Subsidiary owing to us or another Restricted Subsidiary;
- liens in connection with the issuance of certain industrial revenue bonds or similar financings;
- liens existing on the date of the indenture;
- certain other liens specified in the indenture that are customarily exempted from restrictions in offerings of securities similar to the notes; and
- any extensions, renewals or replacements, in whole or in part, of any lien referred to above, as long as the principal amount of debt secured by any such lien does not increase and the lien is limited to all or part of the same property that previously secured the lien.

---

## **Table of Contents**

### ***Limitation on Sale and Lease-Back***

We will not, nor will we permit any Restricted Subsidiary to, engage in a sale and lease-back transaction of any Principal Property (except for certain temporary leases and leases with a Restricted Subsidiary) unless:

- we or the Restricted Subsidiary could (subject to the limitation on liens) incur debt secured by a lien on the Principal Property to be leased without equally and ratably securing the notes; or
- within 180 days following such a transaction, we retire long-term debt equal to the value of the transaction.

### ***Exempted Indebtedness***

We and our Restricted Subsidiaries may incur debt and enter into sale and lease-back transactions without regard to the two covenants described above if the sum of such debt and the value of such sale and lease-back transactions on a cumulative basis does not exceed 10% of the Consolidated Net Tangible Assets (which is total assets less current liabilities, goodwill and other intangibles) as shown on our audited consolidated balance sheet in our latest annual report to our stockholders.

### ***Definitions***

“Principal Property” means any manufacturing plant or other facility within the United States that we or a subsidiary own or lease, unless our Board of Directors determines that the plant or facility, together with any others so determined, is not of material importance to the total business of us and our Restricted Subsidiaries.

“Restricted Subsidiary” means any subsidiary (other than a subsidiary principally engaged in leasing or financing installment receivables or financing operations outside the United States) that owns or leases a Principal Property if:

- substantially all of its property is located in the United States;
- substantially all of its business is carried on in the United States; or
- it is incorporated in any State of the United States.

### ***Consolidation or Merger***

Under the terms of the indenture, we may consolidate or merge with another corporation or sell, convey or lease all or substantially all of our assets to another corporation or entity. The successor or acquiring corporation or entity must expressly assume all of our responsibilities and liabilities under the indenture, including the payment of all amounts due on the notes and performance of the covenants (it being understood that any obligation to pay additional amounts shall be determined mutatis mutandis, by treating the jurisdiction under the laws of which such successor or acquiring corporation or entity is organized and any political subdivision or taxing authority as therein having the power to tax, as a Relevant Taxing Jurisdiction). If, upon any such consolidation, merger, sale, conveyance or lease, or upon any such consolidation, merger, sale, conveyance or lease with respect to a Restricted Subsidiary, any Principal Property or shares of stock or indebtedness of a Restricted Subsidiary would become subject to a lien that is not in favor of us, a Restricted Subsidiary or any such successor or acquiring corporation or entity, we must, before or at the time of such transaction, effectively provide that the notes will be secured (if we so choose, equally and ratably with any other obligation of us or a Restricted Subsidiary that ranks equally with the notes) by a direct lien on such Principal Property or shares of stock or indebtedness of a Restricted Subsidiary that is prior to all liens other than pre-existing liens on such Principal Property or shares of stock or indebtedness of a Restricted Subsidiary, and that will continue as long as such Principal Property, shares of stock or indebtedness is subject to the lien arising in such transaction.

### **Events of Default**

An event of default for any series of the notes includes the following:

- failure to pay any installment of interest, including any additional amounts on the notes of that series that continues for 30 days after such payment is due;
- failure to pay principal of or premium, if any, on the notes of that series when due;
- failure to perform any of the other covenants or agreements in the notes or in the indenture and relating to the notes of that series that continues for 60 days after notice to us by the trustee or holders of at least 25% in aggregate principal amount of the outstanding notes of that series; or
- certain events of bankruptcy, insolvency or reorganization of us.

An event of default with respect to a particular series of notes issued under the indenture does not necessarily constitute an event of default with respect to any other series. The indenture provides that the trustee will, with certain exceptions, notify the holders of the affected series of notes of the occurrence of any of the events of default listed above (not including any applicable grace period and irrespective of the giving of notice as described in the third bullet) known to the trustee within 90 days after the occurrence thereof. Except in the case of a default in the payment of principal of, or premium, if any, or interest on a series of the notes, the trustee may withhold notice if it determines in good faith that withholding notice is in the interest of the holders.

If an event of default is continuing for any series of the notes, the trustee or the holders of not less than 25% in aggregate principal amount of the affected series of notes then outstanding may declare the principal amount of that series of the notes to be due and payable immediately. In such a case, subject to certain conditions, the holders of a majority in aggregate principal amount of that series of the notes then outstanding can annul the declaration and waive past defaults.

We are required to provide an annual officers' certificate to the trustee concerning our compliance with certain covenants we make in the indenture. Subject to the provisions of the indenture relating to the duties of the trustee, the trustee is not obligated to exercise any of its rights or powers at the request or direction of any of the holders of notes unless the holders have offered the trustee security or indemnity reasonably satisfactory to the trustee. The holders of a majority in principal amount of the outstanding notes of each series affected by an event of default may direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture or exercising any of the trustee's trusts or powers with respect to that series of the notes; however, the trustee may decline to follow such direction in certain circumstances.

If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then-member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in U.S. dollars until the euro is again available to us or so used. The amount payable on any date in euros will be converted into U.S. dollars on the basis of the most recently available market exchange rate for euros. Any payment in respect of the notes so made in U.S. dollars will not constitute an event of default. Neither the trustee nor the paying agent shall have any responsibility for effecting such currency conversions.

### **Modification and Amendment of the Indenture**

We may enter into supplemental indentures with the trustee without the consent of the holders of the notes to, among other things:

- evidence the assumption by a successor corporation of our obligations under the indenture;
- appoint additional or separate trustees to act under the indenture;

---

## Table of Contents

- add covenants for the protection of the holders of the notes; and
- cure any ambiguity or correct any inconsistency in the indenture.

With the consent of the holders of a majority in aggregate principal amount of the notes of each affected series issued under the indenture at the time outstanding, we may execute supplemental indentures with the trustee to add provisions or change or eliminate any provision of the indenture or any supplemental indenture relating to such series or to modify the rights of the holders of those notes. However, no such supplemental indenture will (1) extend the fixed maturity of any notes, reduce the principal amount (including in the case of discounted notes the amount payable upon acceleration of the maturity thereof), reduce the rate or extend the time of payment of any interest, reduce any premium payable upon redemption, or change the currency in which any notes are payable, without the consent of each holder of affected notes, or (2) reduce the aforesaid majority in principal amount of the notes of any series, the consent of the holders of which is required for any such supplemental indenture, without the consent of the holders of all notes of such series.

### **Defeasance and Discharge of Indenture or Certain Obligations; Satisfaction and Discharge**

At our option, we (1) will be discharged from all obligations under the indenture in respect of the notes of a series (except for certain obligations to register the transfer of or to exchange such notes, replace stolen, lost or mutilated notes, maintain paying agencies and hold monies for payment in trust) or (2) need not comply with certain covenants of the indenture that are applicable to each series of notes (including the limitation on liens and the limitation on sale and lease-back) and will not be limited by the restrictions in the indenture with respect to merger, consolidation or sale, conveyance or lease of substantially all of our assets, in each case if we irrevocably deposit with the trustee, in trust, money or Federal Republic of Germany obligations (or a combination thereof) sufficient to pay the principal of and any premium or interest on the applicable notes when due and satisfy other conditions in the indenture. In order to select either option, we must provide the trustee, among other things, an opinion of counsel based on a ruling from or published by the Internal Revenue Service (in the case of option (1)), or an opinion of counsel (in the case of option (2)), in each case to the effect that beneficial owners of the applicable notes will not recognize income, gain or loss for U.S. federal income tax purposes as a result of our exercise of the option, and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as if we had not exercised such option.

In the event we exercise our option under (2) above with respect to any series of notes and the notes of such series are declared due and payable because of the occurrence of any event of default other than default with respect to such obligations, the amount of money and Federal Republic of Germany obligations on deposit with the trustee will be sufficient to pay amounts due on the notes of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the notes of that series at the time of the acceleration resulting from such event of default. We would remain liable, however, for such payments.

In addition to the foregoing, at our option, we will be discharged from all our obligations under the indenture (except for certain obligations to register the transfer of or to exchange such notes and provide compensation and reimbursement of expenses to the trustee) in respect of the notes of a series of which all of the notes have been delivered to the trustee for cancellation (other than destroyed, lost or stolen notes that have been replaced or paid) or that have matured or will mature or be redeemed within one year (where arrangements satisfactory to the trustee for giving notice of redemption have been made), if we, among other things, irrevocably deposit with the trustee, in trust, money or Federal Republic of Germany obligations (or a combination thereof) sufficient to pay the principal of and any premium or interest on the applicable notes when due.

“Federal Republic of Germany obligations” means direct noncallable obligations of the Federal Republic of Germany, noncallable obligations the payment of the principal of and interest on which is fully guaranteed by the Federal Republic of Germany, and noncallable obligations on which the full faith and credit of the Federal Republic of Germany is pledged to the payment of the principal thereof and interest thereon.

### **BOOK-ENTRY SYSTEM**

We have obtained the information in this section concerning Clearstream Banking, *société anonyme* (“Clearstream”), and Euroclear Bank S.A./N.V., or its successor, as operator of the Euroclear System (“Euroclear”) and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of Clearstream and Euroclear as they are currently in effect. Those clearing systems could change their rules and procedures at any time.

#### **Global Notes**

The notes of each series will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, a common depository, and registered in the name of the nominee of the common depository for the accounts of Clearstream and Euroclear. Except as set forth below, the global notes may be transferred, in whole and not in part, only to Euroclear or Clearstream or their respective nominees. You may hold your interests in the global notes in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers’ securities accounts in Clearstream’s or Euroclear’s names on the books of their respective depositories. Book-entry interests in the notes and all transfers relating to the notes will be reflected in the book-entry records of Clearstream and Euroclear. The address of Clearstream is 42 Avenue JF Kennedy, L-1855 Luxembourg, Luxembourg and the address of Euroclear is 1 Boulevard du Roi Albert II, B-1210 Brussels, Belgium.

The distribution of the notes will be cleared through Clearstream and Euroclear. Any secondary market trading of book-entry interests in the notes will take place through Clearstream and Euroclear participants and will settle in same-day funds. Owners of book-entry interests in the notes will receive payments relating to their notes in euros, except as described in this prospectus supplement under “Description of Notes — Payments in Euros.”

Clearstream and Euroclear have established electronic securities and payment transfer, processing, depository and custodial links among themselves and others, either directly or through custodians and depositories. These links allow the notes to be issued, held and transferred among the clearing systems without the physical transfer of certificates. Special procedures to facilitate clearance and settlement have been established among these clearing systems to trade securities across borders in the secondary market.

The policies of Clearstream and Euroclear will govern payments, transfers, exchanges and other matters relating to the investor’s interest in the notes held by them. We have no responsibility for any aspect of the records kept by Clearstream or Euroclear or any of their direct or indirect participants. We also do not supervise these systems in any way.

Clearstream and Euroclear and their participants perform these clearance and settlement functions under agreements they have made with one another or with their customers. You should be aware that they are not obligated to perform or continue to perform these procedures and may modify them or discontinue them at any time.

Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of the depository and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

## Table of Contents

We have been advised by Clearstream and Euroclear, respectively, as follows:

### **Clearstream**

Clearstream advises that it is incorporated under the laws of Luxembourg as a professional depository. Clearstream holds securities for its participating organizations (“Clearstream Participants”) and facilitates the clearance and settlement of securities transactions between Clearstream Participants through electronic book-entry changes in accounts of Clearstream Participants, thereby eliminating the need for physical movement of certificates. Clearstream provides to Clearstream Participants, among other things, services for safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream interfaces with domestic markets in several countries. As a professional depository, Clearstream is subject to regulation by the Luxembourg Commission for the Supervision of the Financial Sector (*Commission de Surveillance du Secteur Financier*). Clearstream Participants are recognized financial institutions around the world, including underwriters, securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations and may include the underwriters. Indirect access to Clearstream is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream Participant, either directly or indirectly.

Distributions with respect to interests in the notes held beneficially through Clearstream will be credited to cash accounts of Clearstream Participants in accordance with its rules and procedures.

### **Euroclear**

Euroclear advises that it was created in 1968 to hold securities for participants of Euroclear (“Euroclear Participants”) and to clear and settle transactions between Euroclear Participants through simultaneous electronic book-entry delivery against payment, thereby eliminating the need for physical movement of certificates and any risk from lack of simultaneous transfers of securities and cash. Euroclear includes various other services, including securities lending and borrowing and interfaces with domestic markets in several countries. Euroclear is operated by Euroclear Bank S.A./N.V. (the “Euroclear Operator”). All operations are conducted by the Euroclear Operator, and all Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear Operator. Euroclear Participants include banks (including central banks), securities brokers and dealers and other professional financial intermediaries and may include the underwriters. Indirect access to Euroclear is also available to other firms that clear through or maintain a custodial relationship with a Euroclear Participant, either directly or indirectly.

The Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, or the Euroclear Terms and Conditions, and applicable Belgian law govern securities clearance accounts and cash accounts with the Euroclear Operator. Specifically, these terms and conditions govern:

- transfers of securities and cash within Euroclear;
- withdrawal of securities and cash from Euroclear; and
- receipt of payments with respect to securities in Euroclear.

All securities in Euroclear are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear Operator acts under the terms and conditions only on behalf of Euroclear Participants and has no record of or relationship with persons holding securities through Euroclear Participants.

Distributions with respect to interests in the notes held beneficially through Euroclear will be credited to the cash accounts of Euroclear Participants in accordance with the Euroclear Terms and Conditions.

### **Clearance and Settlement Procedures**

We understand that investors that hold their notes through Clearstream or Euroclear accounts will follow the settlement procedures that are applicable to conventional eurobonds in registered form. Subject to applicable procedures of Clearstream and Euroclear, notes will be credited to the securities custody accounts of Clearstream and Euroclear participants on the business day following the settlement date, for value on the settlement date. They will be credited either free of payment or against payment for value on the settlement date.

We understand that secondary market trading between Clearstream and/or Euroclear participants will occur in the ordinary way following the applicable rules and operating procedures of Clearstream and Euroclear. Secondary market trading will be settled using procedures applicable to conventional eurobonds in registered form.

You should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the notes through Clearstream and Euroclear on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, there may be problems with completing transactions involving Clearstream and Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the notes, or to make or receive a payment or delivery of the notes, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg or Brussels, depending on whether Clearstream or Euroclear is used.

Clearstream or Euroclear will credit payments to the cash accounts of Clearstream customers or Euroclear participants, as applicable, in accordance with the relevant system's rules and procedures, to the extent received by its depositary. Clearstream or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream customer or Euroclear participant only in accordance with its relevant rules and procedures.

Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among participants of Clearstream and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

### **Certificated Notes**

If Euroclear or Clearstream at any time notifies us that it is unwilling or unable to continue as a clearing system with respect to a global note, or if Euroclear or Clearstream becomes ineligible to serve as such clearing system, and we do not appoint a successor clearing system (which could be either Euroclear or Clearstream alone) within 90 days, we will issue notes in definitive form in exchange for the global notes. In addition, we may at any time and in our sole discretion determine not to have any series of notes represented by one or more global notes and, in such event, we will issue notes of that series in definitive form in exchange for the global note or notes. In any such instance, if we issue registered notes in exchange for global notes, we will register the definitive notes in such names and in such denominations authorized under the indenture as Euroclear or Clearstream, pursuant to instructions from its direct or indirect participants or otherwise, instructs the trustee. The trustee will deliver the registered definitive notes to or on the order of the persons in whose names they are registered.

### **MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES TO NON-U.S. HOLDERS**

The following discussion is a summary of material U.S. federal income tax consequences relevant to the purchase, ownership and disposition of the notes by Non-U.S. Holders (as defined below) issued pursuant to this offering, but does not purport to be a complete analysis of all potential tax effects. This discussion does not address the U.S. federal income tax consequences of the purchase, ownership or disposition of the notes by a U.S. Person (as defined below), and accordingly a U.S. Person who is considering acquiring any notes should consult its own tax advisor as to the federal, state, local and foreign tax consequences of the purchase, ownership and disposition of the notes. The discussion is based upon the United States Internal Revenue Code of 1986, as amended (the “Code”), United States Treasury Regulations issued thereunder, United States Internal Revenue Service (“IRS”) rulings and pronouncements, and judicial decisions, all as of the date hereof and all of which are subject to change at any time. Any such change may be applied retroactively in a manner that could adversely affect a holder of the notes. We have not sought any ruling from the IRS with respect to the statements made and the conclusions reached in the following discussion, and there can be no assurance that the IRS will agree with such statements and conclusions.

This discussion does not address all of the U.S. federal income tax consequences that may be relevant to a holder in light of such holder’s particular circumstances or to holders subject to special rules, including, without limitation:

- banks, insurance companies and other financial institutions;
- U.S. expatriates and certain former citizens or long-term residents of the United States;
- holders subject to the alternative minimum tax or the Medicare tax on net investment income;
- dealers in securities or currencies;
- traders in securities;
- entities treated as partnerships, S corporations or other pass-through entities;
- controlled foreign corporations;
- passive foreign investment companies;
- tax-exempt organizations or governmental organizations;
- persons holding the notes as part of a “straddle,” “hedge,” “conversion transaction” or similar transactions;
- persons deemed to sell the notes under the constructive sale provisions of the Code; and
- persons required for U.S. federal income tax purposes to conform the timing of the income accruals with respect to the notes to their financial statements under Section 451(b) of the Code.

In addition, this discussion is limited to persons purchasing the notes for cash at original issue and assumes the notes are issued at a price that reflects less than a statutorily defined de minimis amount of original issue discount. Moreover, the effects of other U.S. federal tax laws (such as estate and gift tax laws) and any applicable state, local or non-U.S. tax laws are not discussed. The discussion deals only with notes held as “capital assets” within the meaning of Section 1221 of the Code.

If an entity taxable as a partnership holds the notes, the tax treatment of the partners in such entity will generally depend on the status of the particular partner in question and the activities of such entity. Accordingly, entities taxable as partnerships holding the notes and the partners in such entities should consult their own tax advisors as to the specific tax consequences to them.

## Table of Contents

### TAX CONSEQUENCES OF THE PURCHASE, OWNERSHIP AND DISPOSITION OF THE NOTES ARISING UNDER THE U.S. FEDERAL ESTATE OR GIFT TAX RULES OR UNDER THE LAWS OF ANY STATE, LOCAL, NON-U.S. OR OTHER TAXING JURISDICTION OR UNDER ANY APPLICABLE TAX TREATY.

The following summary of material U.S. federal income tax consequences will apply to you if you are a “Non-U.S. Holder” of the notes. A “Non-U.S. Holder” is a beneficial owner of the notes who is not a U.S. Person, for U.S. federal income tax purposes. A U.S. Person is:

- an individual who is a citizen or resident of the United States;
- an entity taxable as a corporation created or organized in or under the laws of the United States, any state thereof, or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of its source; or
- a trust that (1) is subject to the primary supervision of a United States court and the control of one or more “United States persons” (within the meaning of Section 7701(a)(30) of the Code), or (2) has a valid election in effect to be treated as a United States person for U.S. federal income tax purposes.

### **Payments of Interest and Additional Amounts**

Interest that is not effectively connected with the Non-U.S. Holder’s conduct of a U.S. trade or business generally will not be subject to U.S. federal withholding tax of 30% (or, if applicable, a lower income tax treaty rate), provided that:

- the Non-U.S. Holder does not directly or indirectly, actually or constructively, own 10% or more of the total combined voting power of all classes of our voting stock;
- the Non-U.S. Holder is not a controlled foreign corporation that is related to us through actual or constructive stock ownership and is not a bank that received such note on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of its trade or business; and
- either (1) the Non-U.S. Holder certifies in a statement provided to us or the paying agent, under penalties of perjury, that it is not a “United States person” within the meaning of Section 7701(a)(30) of the Code and provides its name and address, (2) a securities clearing organization, bank or other financial institution that holds customers’ securities in the ordinary course of its trade or business and holds the note on behalf of the Non-U.S. Holder certifies to us or the paying agent under penalties of perjury that it, or the financial institution between it and the Non-U.S. Holder, has received from the Non-U.S. Holder a statement, under penalties of perjury, that such Non-U.S. Holder is not a United States person and provides us or the paying agent with a copy of such statement or (3) the Non-U.S. Holder holds its note directly through a “qualified intermediary” (within the meaning of the Code) and certain conditions are satisfied.

Even if the above conditions are not met, a Non-U.S. Holder may be entitled to a reduction in or an exemption from withholding tax on interest if the Non-U.S. Holder provides the relevant withholding agent with a properly executed (1) IRS Form W-8BEN or W-8BEN-E, as applicable, claiming an exemption from or reduction of the withholding tax under the benefit of an income tax treaty between the United States and the Non-U.S. Holder’s country of residence or (2) IRS Form W-8ECI stating that interest paid on the note is not subject to withholding tax because it is effectively connected with the conduct by the Non-U.S. Holder of a trade or business in the United States.

If interest paid to a Non-U.S. Holder is effectively connected with the Non-U.S. Holder’s conduct of a U.S. trade or business (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a U.S. permanent establishment to which such interest is attributable), then, although exempt from U.S. federal

withholding tax (provided the Non-U.S. Holder provides appropriate certification), the Non-U.S. Holder generally will be subject to U.S. federal income tax on such interest in the same manner as if such Non-U.S. Holder were a United States person. In addition, if the Non-U.S. Holder is a foreign corporation, any effectively connected earnings and profits may be subject to a branch profits tax at a rate of 30% or lower applicable income tax treaty rate.

In certain circumstances (see “Description of Notes — Optional Redemption” and “Description of Notes — Payment of Additional Amounts”), we may be obligated to pay amounts in excess of stated interest and principal on the notes. Such payments may be treated as interest subject to the rules applicable to interest payments discussed above and below, as additional sums paid for the notes and subject to the rules applicable to taxable dispositions of notes discussed below, or as other income subject to U.S. federal withholding tax. A Non-U.S. Holder who is subject to U.S. federal withholding on any additional amounts should consult its own tax advisor as to whether the Non-U.S. Holder can obtain a refund for all or a portion of the withholding tax.

### **Sale or Other Taxable Disposition**

Any gain realized by a Non-U.S. Holder on the sale or other taxable disposition of a note (other than any amount allocable to accrued and unpaid interest, which is taxable as interest as discussed above in “— Payments of Interest and Additional Amounts”) generally will not be subject to U.S. federal income tax unless:

- the gain is effectively connected with the Non-U.S. Holder’s conduct of a trade or business in the United States (and, if required by an applicable income tax treaty, the Non-U.S. Holder maintains a U.S. permanent establishment to which such gain is attributable); or
- the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of sale, exchange or other disposition, and certain conditions are met.

A Non-U.S. Holder described in the first bullet point above will be required to pay U.S. federal income tax on the net gain derived from the sale generally in the same manner as if such Non-U.S. Holder were a United States person, and if such Non-U.S. Holder is a foreign corporation, an additional branch profits tax at a 30% rate (or a lower rate if so specified by an applicable income tax treaty) may apply to any effectively connected earnings and profits. A Non-U.S. Holder described in the second bullet point above will be subject to U.S. federal income tax at a rate of 30% (or, if applicable, a lower income tax treaty rate) on the gain derived from the sale, which may be offset by certain U.S.-source capital losses, even though the Non-U.S. Holder is not considered a resident of the United States.

### **Information Reporting and Backup Withholding**

A Non-U.S. Holder generally will not be subject to backup withholding with respect to payments that are made to the Non-U.S. Holder, provided that the payor does not have actual knowledge or reason to know that such Non-U.S. Holder is a “United States person,” within the meaning of Section 7701(a)(30) of the Code, and the Non-U.S. Holder has provided the statement described above under “— Payments of Interest and Additional Amounts.” In addition, a Non-U.S. Holder will not be subject to backup withholding or information reporting with respect to the proceeds of the sale of a note within the United States or conducted through certain U.S.-related brokers if the payor receives the statement described above and does not have actual knowledge or reason to know that such Non-U.S. Holder is a United States person or the Non-U.S. Holder otherwise establishes an exemption. However, the relevant withholding agent may be required to report annually to the IRS and to the Non-U.S. Holder the amount of, and the tax withheld with respect to, any interest paid to the Non-U.S. Holder, regardless of whether any tax was actually withheld. Copies of these information returns may also be made available under the provisions of a specific income tax treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

A Non-U.S. Holder generally will be entitled to credit any amounts withheld under the backup withholding rules against its U.S. federal income tax liability or may claim a refund, provided that the required information is furnished to the IRS in a timely manner.

### **Foreign Account Tax Compliance Act**

Under sections 1471 through 1474 of the Code (commonly referred to as “FATCA”), debt instruments providing for U.S.-source interest payments, such as the notes, are generally subject to a 30% U.S. withholding tax with respect to payments on such debt instruments, if such payments are received by foreign financial institutions and certain other non-U.S. entities, unless such foreign financial institution or non-financial foreign entity complies with FATCA or otherwise qualifies for an exemption. Under the applicable United States Treasury Regulations, withholding under FATCA will generally apply to payments of interest on a note. Under proposed regulations promulgated by the Treasury Department on December 13, 2018, which state that taxpayers may rely on the proposed regulations until final regulations are issued, payments of gross proceeds from the sale or other disposition of notes will not be subject to withholding under FATCA. Foreign financial institutions and non-financial foreign entities located in jurisdictions that have an intergovernmental agreement with the United States governing FATCA may be subject to different rules. Although we will be required to pay additional amounts to true up holders of the notes for withholding or deduction for taxes under certain circumstances, we will not be required to pay any additional amounts in the event withholding is required with respect to any payments on the notes pursuant to FATCA. See “Description of Notes — Payment of Additional Amounts.” Prospective investors should consult their tax advisors regarding the potential impact of FATCA on their investment in the notes, including the availability of, and the procedures for obtaining, a refund of any amounts withheld under FATCA.

The underwriters have agreed to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated. The offering of the notes by the underwriters is subject to receipt and acceptance and subject to the underwriters' right to reject any order in whole or in part.

We have agreed to indemnify the several underwriters against certain liabilities, including liabilities under the Securities Act or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

#### Commissions and Discounts

The underwriters have advised us that they propose initially to offer the notes to the public at the public offering price on the cover page of this prospectus supplement, and to dealers at that price less a concession not in excess of 0.180% of the principal amount of the 2024 notes, 0.240% of the principal amount of the 2027 notes and 0.270% of the principal amount of the 2031 notes. The underwriters may allow, and the dealers may reallow, to other dealers a discount not in excess of 0.100% of the principal amount of the 2024 notes, 0.140% of the principal amount of the 2027 notes and 0.160% of the principal amount of the 2031 notes. After the initial public offering, the public offering price and other selling terms may be changed.

### **New Issue of Notes**

The notes are new issues of securities with no established trading market. Although we intend to apply to list the notes on the New York Stock Exchange and we currently expect trading in the notes to begin within 30 days after the original issue date, we cannot assure you that the notes will become or remain listed or admitted to trading. We may not obtain or maintain such listing on the New York Stock Exchange and if we do not obtain or maintain such listing, we do not intend to list them on any other securities exchange. Failure of the notes to be admitted to listing on, or the delisting of the notes from, the New York Stock Exchange may have a material adverse effect on a holder's ability to sell the notes. We have been advised by certain of the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading markets for the notes or that active public markets for the notes will develop. If active public trading markets for the notes do not develop, the market price and liquidity of the notes may be adversely affected.

### **Settlement**

We expect that delivery of the notes will be made to investors on or about June 5, 2019, which is the fifth business day following the date of this prospectus supplement (such settlement being referred to as "T+5"). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market are required to settle in two business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the notes on the date of this prospectus or the following two business days will be required, by virtue of the fact that the notes initially settle in T+5, to specify an alternate settlement arrangement at the time of any such trade to prevent a failed settlement. Purchasers of the notes who wish to trade the notes on the date of this prospectus supplement or on the following two business days should consult their advisors.

### **Stabilization and Short Positions**

In connection with the issue of the notes, J.P. Morgan Securities plc (the "Stabilizing Manager") (or any person acting on behalf of the Stabilizing Manager) may over-allot the notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. Such transactions consist of bids or purchases to peg, fix or maintain the price of the notes. If the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) creates a short position in the notes in connection with the offering (i.e., if it sells more notes than are on the cover page of this prospectus supplement), the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) may reduce that short position by purchasing notes in the open market. Purchases of a security to stabilize the price or to reduce a short position could cause the price of the security to be higher than it might be in the absence of such purchases. The Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) also may impose a penalty bid. This occurs when the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) repays to

the underwriters a portion of the underwriting discount received by it because the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) has repurchased notes sold by or for the account of the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) in stabilizing or short covering transactions. Any stabilization action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the notes is made, and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the issue date of the notes and 60 days after the date of the allotment of the notes. Any stabilization action or over-allotment must be conducted by the Stabilizing Manager (or persons acting on behalf of the Stabilizing Manager) in accordance with all applicable laws and rules.

Neither we nor any of the underwriters makes any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters makes any representation that the Stabilizing Manager (or any person acting on behalf of the Stabilizing Manager) will undertake any stabilization action or that, once commenced, any stabilization action will not be discontinued without notice.

### **Other Relationships**

Certain of the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory and commercial and investment banking services for us, for which they received or will receive customary fees and expenses. The underwriters or their affiliates may provide credit to us or our affiliates as lenders from time to time, including under our existing credit facilities. In particular, the underwriters or their affiliates may hold outstanding commercial paper issued by us, which may be repaid with a portion of the net proceeds received from us by the sale of the notes. See “Use of Proceeds.”

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or affiliates may hedge their credit exposure to us consistent with their customary risk management practices.

Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the notes offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

### **Selling Restrictions**

Any underwriter that is not a broker-dealer registered with the SEC will make sales of the notes in the United States only through one or more SEC-registered broker-dealers in compliance with applicable securities laws and the rules of the Financial Industry Regulatory Authority, Inc., or FINRA.

### ***European Economic Area***

The notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (“EEA”). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, “MiFID II”); or (ii) a customer within the meaning of Directive (EU)

2016/97 (as amended or superseded, the “Insurance Distribution Directive”), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Directive 2003/71/EC (as amended or superseded, the “Prospectus Directive”). Consequently, no key information document required by Regulation (EU) No 1286/2014 (as amended, the “PRIIPs Regulation”) for offering or selling the notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation. This Prospectus has been prepared on the basis that any offer of notes in any Member State of the EEA will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of notes. This Prospectus is not a prospectus for the purposes of the Prospectus Directive.

### *MiFiD II Product Governance — Professional Investors and ECPs Only Target Market*

Solely for the purposes of each manufacturer’s product approval process, the target market assessment in respect of the notes has led to the conclusion that: (i) the target market for the notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the notes (a “distributor”) should take into consideration the manufacturers’ target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the notes (by either adopting or refining the manufacturers’ target market assessment) and determining appropriate distribution channels.

### *United Kingdom*

This prospectus supplement is only being distributed to and is only directed at (i) persons who are outside the United Kingdom or (ii) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the “Order”) or (iii) high net worth companies, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (all such persons together being referred to as “relevant persons”). The notes are only available to, and any invitation, offer or agreement to subscribe, purchase or otherwise acquire such notes will be engaged in only with, relevant persons. Any person who is not a relevant person should not act or rely on this document or any of its contents.

### *Italy*

The offering of the notes has not been registered with CONSOB — *Commissione Nazionale per le Società e la Borsa* (the Italian Companies and Exchange Commission) pursuant to Italian securities legislation and, accordingly, no such notes may be offered, sold or delivered, nor may copies of this prospectus supplement or the accompanying prospectus or of any other document relating to the notes be distributed in the Republic of Italy except: (a) to qualified investors (*investitori qualificati*), as defined in Article 34-ter, first paragraph, letter (b), of CONSOB Regulation No. 11971 of May 14, 1999, as amended (“CONSOB Regulation No. 11971”), pursuant to Article 100 of Legislative Decree No. 58 of February 24, 1998, as amended (the “Italian Financial Services Act”); or (b) in other circumstances which are expressly exempted from the rules on offerings of securities to the public (*offerta al pubblico di prodotti finanziari*) pursuant to Article 100 of the Italian Financial Services Act and Article 34-ter, first paragraph, of CONSOB Regulation No. 11971.

In addition and without prejudice to the foregoing, any offer, sale or delivery of the notes or distribution of copies of this prospectus supplement and the accompanying prospectus or any other document relating to such notes in the Republic of Italy under (a) or (b) above must be: (a) made by an investment firm, bank or financial intermediary authorized to conduct such activities in the Republic of Italy in accordance with the Italian Financial Services Act, Legislative Decree No. 385 of September 1, 1993, as amended (the “Consolidated Banking Act”), and Regulation No. 16190 of October 29, 2007 (as amended from time to time); (b) in compliance with Article 129 of Consolidated Banking Act, as amended, and the implementing guidelines of the

Bank of Italy, as amended from time to time, pursuant to which the Bank of Italy may require the issuer or any entity offering the notes to provide data and information on the issue or the offer of the notes in the Republic of Italy; and (c) in compliance with any other applicable laws and regulations, as well as with any regulations or requirements imposed by CONSOB, the Bank of Italy or other Italian authority.

Please note that in accordance with Article 100-bis of the Financial Services Act, concerning the circulation of financial products, where no exemption from the rules on offerings of securities to the public applies under (a) and (b) above, the subsequent distribution of the notes on the secondary market in Italy must be made in compliance with the public offer and the prospectus requirement rules provided under the Financial Services Act and CONSOB Regulation No. 11971. Furthermore, Article 100-bis of the Financial Services Act affects the transferability of the notes in the Republic of Italy to the extent that any placing of the notes is made solely with qualified investors and the notes are then systematically resold to non-qualified investors on the secondary market at any time in the 12 months following such placing. Where this occurs, if a prospectus has not been published, purchasers of the notes who are acting outside of the course of their business or profession may be entitled to declare such purchase null and void and to claim damages from any authorized intermediary at whose premises the notes were purchased, unless an exemption provided for by the Financial Services Act applies.

### *Hong Kong*

No notes may be offered or sold in Hong Kong, by means of any document, other than: (i) to “professional investors” (as defined in the Securities and Futures Ordinance (Cap. 571) of Hong Kong (the “SFO”)) and any rules made thereunder; or (ii) in other circumstances which do not result in the document being a “prospectus” (as defined in the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap. 32) of Hong Kong) or which do not constitute an offer to the public within the meaning of that Ordinance. No advertisement, invitation or document relating to the notes, which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) has been or will be issued other than with respect to the notes which are or are intended to be disposed of only to persons outside Hong Kong or only to “professional investors” (as defined in the SFO) and any rules made thereunder.

### *Japan*

The notes have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the “Financial Instruments and Exchange Law”) and each underwriter has represented and agreed that it will not offer or sell any notes, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for reoffering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

### *Singapore*

This prospectus supplement and the accompanying prospectus have not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each underwriter has represented and agreed that (a) it has not circulated or distributed and will not circulate or distribute this prospectus supplement and the accompanying prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of either series of the notes, (b) has not offered or sold and will not offer or sell any notes, and (c) has not made and will not make any notes to be the subject of an invitation for subscription or purchase, whether directly or indirectly, in each of the cases of (a) to (c), to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the “SFA”), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance

### **ABOUT THIS PROSPECTUS**

This prospectus is part of a registration statement that we filed with the United States Securities and Exchange Commission, or the SEC, under a shelf registration process. Under this shelf registration process, we may sell debt securities under this prospectus in one or more offerings from time to time. This prospectus provides you with a general description of the debt securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of that offering. The prospectus supplement may also add, update or change information contained in this prospectus, and accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading “Where You Can Find More Information.”

The prospectus supplement will describe: the terms of the debt securities offered, any initial public offering price, the price paid to us for the debt securities, the net proceeds to us, the manner of distribution and any underwriting compensation and the other specific material terms related to the offering of these securities. For more detail on the terms of the debt securities, you should read the exhibits filed with or incorporated by reference in our registration statement of which this prospectus forms a part.

In this prospectus we use the terms “ITW,” the “Company,” “we,” “us,” and “our” to refer to Illinois Tool Works Inc. and our consolidated subsidiaries. References to “debt securities” include any debt security that we might sell under this prospectus or any prospectus supplement. References to “\$” and “dollars” are to United States dollars.

This prospectus contains summaries of certain provisions contained in key documents described in this prospectus. All of the summaries are qualified in their entirety by the actual documents, which you should review before making your investment decision. Copies of the documents referred to herein have been filed, or will be filed or incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under “Where You Can Find More Information.”

Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act of 1933, as amended, or the Securities Act, we may add to this prospectus and offer additional securities by filing a prospectus supplement with the SEC at the time of the offer.

You should rely only on the information contained or incorporated by reference in this prospectus, in any accompanying prospectus supplement or in any free writing prospectus filed by us with the SEC. Neither we nor any underwriter has authorized anyone to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer of these securities in any jurisdiction where the offer is not permitted. You should not assume that the information contained in or incorporated by reference in this prospectus, any prospectus supplement or any free writing prospectus is accurate as of any date other than their respective dates, regardless of the time of delivery of this prospectus or any sale of debt securities. Our business, financial condition, results of operations and prospects may have changed since those dates.

## Table of Contents

### **RATIO OF EARNINGS TO FIXED CHARGES**

Our consolidated ratio of earnings to fixed charges for each of the last five fiscal years and for the six months ended June 30, 2017 is set forth below. You should read this table in conjunction with the consolidated financial statements and related notes to financial statements incorporated by reference in this prospectus. See “Where You Can Find More Information.”

For the purpose of computing these ratios, “earnings” consists of income from continuing operations before income taxes and equity method earnings plus fixed charges and dividends of unconsolidated affiliates. “Fixed charges” consists of interest expense (which includes amortization of debt issuance costs) and an estimate of the interest within rental expense. The ratio was calculated by dividing the sum of the “fixed charges” into the sum of “earnings.” Interest related to income tax matters is included in income taxes in the consolidated statement of income and is excluded from the computation of fixed charges.

	<b>Six Months Ended</b>	<b>Fiscal Year Ended December 31,</b>				
	<b>June 30, 2017</b>	<b>2016</b>	<b>2015</b>	<b>2014</b>	<b>2013</b>	<b>2012</b>

- (1) Certain reclassifications of prior years’ data have been made to conform to current year reporting, including discontinued operations. In addition, we divested a 51% majority interest in our Decorative Surfaces segment on October 31, 2012, which, due to our continuing involvement through our remaining 49% interest, is presented in continuing operations prior to October 31, 2012. See our Annual Report on Form 10-K for the year ended December 31, 2016 and our Quarterly Report on Form 10-Q for the quarter ended June 30, 2017, each of which is incorporated by reference in this prospectus supplement, for more detail regarding discontinued operations and the Decorative Surfaces transaction.

### **USE OF PROCEEDS**

Unless otherwise specified in the applicable prospectus supplement, the net proceeds from the sale of the securities to which this prospectus relates will be used for general corporate purposes. Until we apply the proceeds from the sale of the securities, we may temporarily invest any proceeds that are not immediately applied to the above purposes in United States government or agency obligations, commercial paper, money market accounts, short-term marketable securities, bank deposits or certificates of deposit, repurchase agreements collateralized by United States government or agency obligations or other short-term investments.

### **DESCRIPTION OF DEBT SECURITIES**

The following summarizes the material provisions of the debt securities to which a prospectus supplement may relate. We may issue debt securities from time to time in one or more series. Each time we offer debt securities, the prospectus supplement related to that offering will describe the applicable terms.

As required by United States federal law for all bonds and notes of companies that are publicly offered, the debt securities will be governed by a document called an “indenture.” An indenture is a contract entered into by us and a financial institution, acting as trustee on your behalf. The indenture is filed as an exhibit to the registration statement of which this prospectus forms a part. The indenture is subject to and governed by the Trust Indenture Act of 1939, as amended. The trustee has two main roles:

- First, subject to some limitations, the trustee can enforce your rights against us if we default.
- Second, the trustee performs for us certain administrative duties, which include sending you notices and, if the trustee also performs the service of paying agent, interest payments.

---

## Table of Contents

Because this section is a summary of the material terms, it does not describe every aspect of the debt securities. We urge you to read the indenture governing the debt securities because it, and not this description, defines your rights as a holder of debt securities. The debt securities will be governed by an indenture between the Company and The Bank of New York Mellon Trust Company, N.A., as successor trustee, or with such other trustee as may be selected by the Company. The indenture is filed as an exhibit to the registration statement of which this prospectus forms a part. This description is not complete and is subject to, and qualified in its entirety by reference to, all of the provisions of the indenture covering the debt securities, as described below, including definitions of some terms used in the indenture. The indenture is subject to any amendments or supplements that we may enter into from time to time, as permitted under the indenture.

References to “ITW,” “we,” “us” and “our” in this section are only to Illinois Tool Works Inc. and not to its subsidiaries.

### **General**

Unless otherwise provided in the applicable prospectus supplement, the debt securities will be unsecured senior obligations of our company. As senior debt securities, they will rank equally with all of our other unsecured and unsubordinated indebtedness.

**Our debt securities are effectively subordinated to all existing and future indebtedness and other liabilities, including trade payables and capital lease obligations, of any of our subsidiaries. This may affect your ability to receive payments on our debt securities.**

The indenture provides for the issuance by us from time to time of debt securities in one or more series. The indenture does not limit the aggregate principal amount of debt securities we may issue under the indenture. In addition, the indenture does not limit the amount of other indebtedness or debt securities, other than certain secured indebtedness to the extent described in the prospectus supplement relating to that series of debt securities that may be issued by ITW or its subsidiaries.

The indenture sets forth the specific terms of any series of debt securities or provides that such terms will be set forth in, or determined pursuant to, one or more authorizing resolutions and an officers’ certificate or a supplemental indenture, if any, relating to that series.

You should read the prospectus supplement relating to a particular series of debt securities for the following terms of the series of debt securities offered by that prospectus supplement and this prospectus:

- the designation of the debt securities;
- the limit upon the aggregate principal amount of the debt securities;
- the rate or rates at which the debt securities will bear interest, if any, or the formula by which interest will accrue;
- the dates from which interest will accrue, the interest payment dates on which such interest will be payable, and the record date for the interest payable on any interest payment date;
- the maturity date of the debt securities;
- the period or periods within which, the price or prices at which, and the terms and conditions upon which, the debt securities may be redeemed, in whole or in part;
- our obligation, if any, to redeem or purchase the debt securities pursuant to a sinking, purchase or analogous fund or at the option of the holder thereof and the period or periods within which, the price or prices at which, and the terms and conditions upon which, the debt securities will be redeemed or purchased, in whole or in part, pursuant to any such obligation;

- if the principal, premium, and interest, if any, on the debt securities are to be payable at the election of us or a holder thereof or under some or all other circumstances, in a coin, or currency or currencies, or currency unit or units other than that in which the debt securities are denominated, the period or periods within which, and the terms and conditions upon which, such election may be made, or the other circumstances under which any of the debt securities are to be so payable, and any provision requiring the holder thereof to bear currency exchange costs by deduction from such payments;
- if the principal, premium, and interest, if any, on the debt securities may be determined with reference to a currency, currency unit, commodity or financial or non-financial index or indices, then the manner in which such amounts will be determined;
- whether and under what circumstances and with what procedures and documentation we will pay additional amounts on any of the debt securities and coupons, if any, of such series to any holder who is a Non-U.S. Holder (as defined in the prospectus supplement relating to the debt securities), in respect of any tax, assessment or governmental charge withheld or deducted and, if so, whether we will have the option to redeem such debt securities rather than pay additional amounts (and the terms of any such option);
- the person to whom any interest on any registered debt security will be payable, if other than the person in whose name that debt security is registered at the close of business on the record date for such

interest, the manner in which, or the person to whom, any interest on any unregistered debt security of such series will be payable, if other than upon presentation and surrender of the coupons appertaining thereto as they mature, and the extent to which, or the manner in which, any interest payable on a temporary global security on an interest payment date will be paid if other than in the manner provided below;

- whether some of the provisions relating to the defeasance and discharge of the debt securities, or certain obligations relating thereto, described below under “Defeasance and Discharge of Indenture or Certain Obligations” will be applicable to the debt securities; and
- any other terms of the debt securities (which will not be inconsistent with the provisions of the indenture).

The principal, premium, and interest, if any, will be payable at the time or times and in the manner provided in the prospectus supplement relating to any series of debt securities. In the case of registered securities, interest on the debt securities will be payable on any interest payment date to the persons in whose names the debt securities are registered at the close of business on the record date. Any paying agents initially designated by us for the debt securities of a particular series will be named in the prospectus supplement relating to those debt securities. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

The debt securities may be presented for transfer (duly endorsed or accompanied by a written instrument or instruments of transfer, if so required by us or the security registrar) or exchanged for other debt securities of the same series (of like aggregate principal amount and in any authorized denominations) at the office or agency maintained by us (initially the principal office of the trustee in Chicago, Illinois or another office designated by the trustee). The transfer or exchange will be made without service charge, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any registration of transfer or exchange of debt securities. We will not be required to (1) issue, register the transfer of, or exchange debt securities for a period of 15 days prior to the redemption of any of the debt securities of that series or (2) register the transfer of or exchange any debt security so selected for redemption in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

We have appointed the current trustee under the indenture as security registrar. Any transfer agent (in addition to the security registrar) initially designated by us for any series of debt securities will be named in the applicable prospectus supplement. We may at any time designate additional transfer agents or rescind the designation of any transfer agent or approve a change in the office through which any transfer agent acts, except that we will be required to maintain a transfer agent in each place of payment for the affected debt securities.

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be issued only in fully registered form, with or without coupons, in minimum denominations of \$1,000 and integral multiples of \$1,000 in excess thereof. The debt securities may be represented in whole or in part by one or more global debt securities registered in the name of a depository or its nominee and, if so represented, interests in the global debt security will be shown on, and transfers will be effected only through, records maintained by the designated depository and its participants as described below.

We may issue debt securities with terms different from those of debt securities that may already have been issued. There is no requirement that we issue debt securities in the future under the same indenture, and we may use other indentures or documentation, containing materially different provisions in connection with future issues of other debt securities.

We may issue the debt securities as original issue discount securities, which are debt securities, including any zero-coupon debt securities, that are issued and sold at a discount from their stated principal amount. Original issue discount securities provide that, upon acceleration of their maturity, an amount less than their

principal amount will become due and payable. We will describe the United States federal income tax consequences and other considerations applicable to original issue discount securities in any prospectus supplement relating to them.

In addition, special United States federal income tax considerations or other restrictions or other terms applicable to any debt securities offered exclusively to foreigners or denominated in a currency other than United States dollars may also be set forth in the prospectus supplement, if applicable.

We will comply with Section 14(c) of the Exchange Act, and any other tender offer rules within the Exchange Act, which may then be applicable, if we are obligated to purchase debt securities at the option of the holders of the securities. Any obligation applicable to a series of debt securities will be described in the applicable prospectus supplement.

Unless otherwise described in a prospectus supplement relating to any series of debt securities, the indenture does not contain any provisions that would limit our ability to incur indebtedness or that would afford holders of debt securities protection in the event of a sudden and significant decline in our credit quality or a takeover, recapitalization or highly leveraged or similar transaction involving our company. Accordingly, we could in the future enter into transactions that could increase the amount of indebtedness outstanding at that time or otherwise affect our capital structure or credit rating. Reference is made to the prospectus supplement relating to the particular series of debt securities being offered for information about any deletions from, modifications or additions to the events of default described below or covenants of ITW in the indenture, including any addition of a covenant or other provisions providing event risk or similar protection.

## **Conversion and Exchange**

If any debt securities are convertible, they may be convertible into or exchangeable for securities, property or cash, or a combination of the foregoing, and the prospectus supplement will explain the terms and conditions of such conversion or exchange, including:

- the securities, property or cash into which the debt securities are convertible or for which they are exchangeable;
- the conversion price or exchange ratio, or the calculation method for such price or ratio;
- the conversion or exchange period, or how such period will be determined;
- if conversion or exchange will be mandatory or at the option of the holder or the Company;
- provisions for adjustment of the conversion price or the exchange ratio;
- provisions affecting conversion or exchange in the event of the redemption of the debt securities; and
- any other terms of the debt securities that are consistent with the provisions of the indenture.

Such terms may also include provisions under which the number or amount of other securities or property to be received by the holders of such debt securities upon conversion or exchange would be calculated according to the market price of such other securities or property as of a time stated in the prospectus supplement.

## **Global Securities**

The debt securities of a series may be issued in whole or in part in the form of one or more global debt securities (each a “Global Security”) that will be deposited with, or on behalf of, a depository identified in the prospectus supplement relating to that particular series.

The specific terms of a depository arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to that particular series. We anticipate that the following provisions will apply to all depository arrangements.

---

## Table of Contents

Upon the issuance of a Global Security, the depositary for the Global Security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the debt securities represented by the Global Security. These accounts will be designated by the underwriters or agents with respect to such debt securities or by us if the debt securities are offered and sold directly by us. Ownership of beneficial interests in a Global Security will be limited to persons that may hold interests through participants. Ownership of beneficial interests in such a Global Security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary or its nominee (with respect to interests of participants) for such Global Security and on the records of participants (with respect to interests of persons other than participants). The laws of some states require that some purchasers of securities take physical delivery of such securities in definitive form. These limits and laws may impair the ability to transfer beneficial interests in a Global Security.

So long as the depositary for a Global Security, or its nominee, is the registered owner of the Global Security, such depositary or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the Global Security for all purposes under the indenture governing these debt securities. Except as provided below, owners of beneficial interests in a Global Security will not be entitled to have debt securities of the series represented by the Global Security registered in their names, will not receive or be entitled to receive physical delivery of debt securities of a series in definitive form and will not be considered the owners or holders of the debt securities under the indenture.

Principal of, any premium and interest on, and any additional amounts with respect to debt securities registered in the name of a depositary or its nominee will be paid to the depositary or its nominee, as the case may be, as the registered owner of the Global Security representing the debt securities. None of ITW, the trustee, the paying agent or the security registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the Global Security for the debt securities or for maintaining, supervising or reviewing any records relating to the beneficial ownership interests.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal of, premium, if any, or interest on, or additional amounts with respect to debt securities, will credit participants' accounts with payments in amounts proportionate to their respective beneficial interest in the principal amount of the Global Security for the debt securities as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in the Global Security held through the participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name," and will be the sole responsibility of the participants.

The indenture provides that if (1) the depositary for a series of debt securities notifies us that it is unwilling or unable to continue as depositary or if the depositary ceases to be eligible under the indenture and a successor depositary is not appointed by us within 90 days of written notice or (2) we determine that the debt securities of a particular series will no longer be represented by Global Securities and execute and deliver to the trustee a company order to that effect, the Global Securities will be exchanged for debt securities of the series in definitive form and in an aggregate principal amount equal to the principal amount of the Global Securities being exchanged. The definitive debt securities will be registered in such name or names as the depositary instructs the trustee. We expect that these instructions may be based upon directions received by the depositary from participants with respect to ownership of beneficial interests in Global Securities.

### **Consolidation or Merger**

Under the terms of the indenture, we may consolidate or merge with another corporation or sell, convey or lease all or substantially all of our assets to another corporation or entity. The successor or acquiring corporation or entity must expressly assume all of our responsibilities and liabilities under the indenture, including the payment of all amounts due on any outstanding series of debt securities and performance of the covenants. If, upon any such consolidation, merger, sale, conveyance or lease, or upon any such consolidation, merger, sale,

conveyance or lease with respect to a Restricted Subsidiary (as defined below), any Principal Property (as defined below) or shares of stock or indebtedness of a Restricted Subsidiary would become subject to a lien that is not in favor of us, a Restricted Subsidiary or any such successor or acquiring corporation or entity, we must, before or at the time of such transaction, effectively provide that any series of debt securities outstanding under the indenture will be secured (if we so choose, equally and ratably with any other obligation of us or a Restricted Subsidiary that ranks equally with such debt securities) by a direct lien on such Principal Property or shares of stock or indebtedness of a Restricted Subsidiary that is prior to all liens other than pre-existing liens on such Principal Property or shares of stock or indebtedness of a Restricted Subsidiary, and that will continue as long as such Principal Property, shares of stock or indebtedness is subject to the lien arising in such transaction. As used herein, "Restricted Subsidiary" means any subsidiary (other than a subsidiary principally engaged in leasing or financing installment receivables or financing operations outside the United States) that owns or leases a Principal Property if: (1) substantially all of its property is located in the United States, (2) substantially all of its business is carried on in the United States, or (3) it is incorporated in any State of the United States. "Principal Property" means any manufacturing plant or other facility within the United States that we or a subsidiary own or lease, unless our Board of Directors determines that the plant or facility, together with any others so determined, is not of material importance to the total business of us and our Restricted Subsidiaries.

### **Events of Default**

Each of the following events will constitute an event of default under the indenture with respect to any series of debt securities issued:

- failure to pay any installment of interest on the debt of that series that continues for 30 days after such payment is due;
- failure to pay principal of or premium, if any, on the debt securities of that series when due;
- failure to perform any of the other covenants or agreements in the debt securities or in the indenture and relating to the debt securities of that series that continues for 60 days after notice to us by the trustee or holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series; or
- certain events of bankruptcy, insolvency or reorganization of us.

An event of default with respect to a particular series of debt securities issued under the indenture does not necessarily constitute an event of default with respect to any other series. The indenture provides that the trustee will, with certain exceptions, notify the holders of the affected series of debt securities of the occurrence of any of the events of default listed above (not including any applicable grace period and irrespective of the giving of notice as described in the third bullet) known to the trustee within 90 days after the occurrence thereof. Except in the case of a default in the payment of principal of, or premium, if any, or interest on a series of the debt securities, the trustee may withhold notice if it determines in good faith that withholding notice is in the interest of the holders.

If an event of default is continuing for any series of the debt securities, the trustee or the holders of not less than 25% in aggregate principal amount of the affected series of debt securities then outstanding may declare the principal amount of that series of the debt securities to be due and payable immediately. In such a case, subject to certain conditions, the holders of a majority in aggregate principal amount of that series of the debt securities then outstanding can annul the declaration and waive past defaults.

We are required to provide an annual officers' certificate to the trustee concerning our compliance with certain covenants we make in the indenture. Subject to the provisions of the indenture relating to the duties of the trustee, the trustee is not obligated to exercise any of its rights or powers at the request or direction of any of the holders of debt securities unless the holders have offered the trustee security or indemnity reasonably satisfactory to the trustee. The holders of a majority in principal amount of the outstanding debt securities of each series

affected by an event of default may direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture or exercising any of the trustee's trusts or powers with respect to that series of the debt securities; however, the trustee may decline to follow such direction in certain circumstances.

### **Modification and Amendment of Indenture**

We may enter into supplemental indentures with the trustee without the consent of the holders of any series of debt securities to, among other things:

- evidence the assumption by a successor corporation of our obligations under the indenture;
- appoint additional or separate trustees to act under the indenture;
- add covenants for the protection of the holders of the debt securities; and
- cure any ambiguity or correct any inconsistency in the indenture.

With the consent of the holders of a majority in aggregate principal amount of the securities of each affected series issued under the indenture at the time outstanding, we may execute supplemental indentures with the trustee to add provisions or change or eliminate any provision of the indenture or any supplemental indenture relating to such series or to modify the rights of the holders of those securities. However, no such supplemental indenture will (1) extend the fixed maturity of any securities, reduce the principal amount (including in the case of discounted securities the amount payable upon acceleration of the maturity thereof), reduce the rate or extend the time of payment of any interest, reduce any premium payable upon redemption, or change the currency in which any securities are payable, without the consent of each holder of affected securities, or (2) reduce the aforesaid majority in principal amount of the securities of any series, the consent of the holders of which is required for any such supplemental indenture, without the consent of the holders of all securities of such series.

### **Defeasance and Discharge of Indenture or Certain Obligations**

At our option, we (1) will be discharged from all obligations under the indenture in respect of the debt securities of a series (except for certain obligations to register the transfer of or to exchange debt securities, replace stolen, lost or mutilated debt securities, maintain paying agencies and hold monies for payment in trust) or (2) need not comply with certain covenants of the indenture (including the limitation on liens and the limitation on sale and lease-back) and will not be limited by the restrictions in the indenture with respect to merger, consolidation or sale, conveyance or lease of substantially all of our assets, in each case if we irrevocably deposit with the trustee, in trust, money or U.S. government obligations (or a combination thereof) sufficient to pay the principal of and any premium or interest on the notes when due and satisfy other conditions in the indenture. In order to select either option, we must provide the trustee, among other things, a ruling from or published by the Internal Revenue Service (in the case of option 1) or an opinion of counsel (in the case of option 2) to the effect that holders of the debt securities will not recognize income, gain or loss for Federal income tax purposes as a result of our exercise of the option, as if we had not exercised such option.

In the event we exercise our option under (2) above with respect to any series of debt securities and the debt securities of such series are declared due and payable because of the occurrence of any event of default other than default with respect to such obligations, the amount of money and U.S. government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from such event of default. We would remain liable, however, for such payments.

### **Governing Law**

The indenture and the debt securities will be governed by, and construed and enforced in accordance with, the laws of the State of Illinois applicable to agreements made or instruments entered into and, in each case, performed in said state.

**Relationship with the Trustee**

The current trustee under the indenture, The Bank of New York Mellon Trust Company, N.A., currently serves as the trustee with respect to certain of our other outstanding debt securities.

## PLAN OF DISTRIBUTION

We may sell our securities on a continuous or delayed basis in any one or more of the following ways from time to time: (i) through agents; (ii) to or through underwriters; (iii) through brokers or dealers; (iv) directly by us to purchasers; or (v) through a combination of any of these methods of sale. The applicable prospectus supplement will contain the terms of the transaction, the place and time of delivery of the securities, the name or names of any underwriters, dealers, agents and the respective amounts of securities underwritten or purchased by them, the initial public offering price of the securities, and the applicable agent's commission, dealer's purchase price or underwriter's discount. Any dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and compensation received by them on resale of the securities may be deemed to be underwriting discounts.

Any initial offering price, dealer purchase price, discount or commission may be changed from time to time.

The securities may be distributed from time to time in one or more transactions, at negotiated prices, at a fixed or fixed prices (that may be subject to change), at market prices prevailing at the time of sale, at various prices determined at the time of sale or at prices related to prevailing market prices.

Offers to purchase securities may be solicited directly by us or by agents designated by us from time to time. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act, of the securities so offered and sold.

If underwriters are utilized in the sale of any securities in respect of which this prospectus is being delivered, such securities will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions, including negotiated transactions, at fixed public offering prices or at varying prices determined by the underwriters at the time of sale. Securities may be offered to the public either through underwriting syndicates represented by managing underwriters or directly by one or more underwriters.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale. Transactions through brokers or dealers may include block trades in which brokers or dealers will attempt to sell securities as agent but may position and resell as principal to facilitate the transaction or in crosses, in which the same broker or dealer acts as agent on both sides of the trade. Any such dealer may be deemed to be an underwriter, as such term is defined in the Securities Act, of the securities so offered and sold.

Offers to purchase securities may be solicited directly by us and the sale thereof may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale thereof.

If so indicated in the applicable prospectus supplement, we may authorize agents and underwriters to solicit offers by certain institutions to purchase securities from us or at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the applicable prospectus supplement. Such delayed delivery contracts will be subject only to those conditions set forth in the applicable prospectus supplement.

Agents, underwriters and dealers may be entitled under relevant agreements with us to indemnification by us against certain liabilities, including liabilities under the Securities Act, or to contribution with respect to payments that such agents, underwriters and dealers may be required to make in respect thereof. The terms and conditions of any indemnification or contribution will be described in the applicable prospectus supplement.

Underwriters, broker-dealers or agents may receive compensation in the form of commissions, discounts or concessions from us. Underwriters, broker-dealers or agents may also receive compensation from the purchasers

of securities for whom they act as agents or to whom they sell as principals, or both. Compensation as to a particular underwriter, broker-dealer or agent might be in excess of customary commissions and will be in amounts to be negotiated in connection with transactions. In effecting sales, broker-dealers engaged by us may arrange for other broker-dealers to participate in the resales.

Each series of securities will be a new issue and will have no established trading market. We may elect to list any series of securities on an exchange, but, unless otherwise specified in the applicable prospectus supplement, we will not be obligated to do so. No assurance can be given as to the liquidity of the trading market for any of the securities.

Agents, underwriters, dealers and their affiliates may engage in transactions with, or perform services for, us and our respective subsidiaries in the ordinary course of business.

**LEGAL MATTERS**

Unless otherwise specified in the prospectus supplement accompanying this prospectus, certain legal matters with respect to the validity of the issuance of the debt securities will be passed upon for us by Janet O. Love, Esq. (or other senior general counsel as may be designated by us). Ms. Love, in her capacity as Deputy General Counsel and Assistant Secretary, is a participant in various of our employee benefit and incentive plans, including stock option plans, offered to employees. As of August 1, 2017, Ms. Love beneficially owns 11,361 shares of our common stock. Any underwriters, dealers or agents will be advised about the validity of the securities and other legal matters by their own counsel, which will be named in the prospectus supplement.
